

## Jude Johansson

Jude Johansson, affable “hoser” girl and crowd favorite, hails from Canada’s Great White North where there’s 10 months of ice hockey and two months of really bad skating. Her misuse of the English language would make almost anyone cringe but Jude is so endearing that no one seems to mind. People love her so much they really believe she’s a real person. Her favorite winter sport, with or without snow, is skidoing with her boyfriend Rodge and her favorite past time of course is drinking Tim Horton’s coffee. Her sheltered life leads to an infectious innocence as she comments a naive view of the world. It will have you in stitches thinking this is just so true, as she delivers her great Canadian humor.

### **Kelita’s Insight:**

*“Jude has been with me for a long while now and I just love playing her. Her personality came very natural to me as does improvising with her. That’s really the most fun! The inspiration for Jude are her long lost cousins Bob and Doug Mackenzie from SCTV fame. I was very close to becoming employed at Second City in downtown Toronto after a stint studying improv on their main stage; however, I ended up pursuing a music recording career. It was a tough choice but now I’m happy as I am able to do both music and comedy!”*

### **Booking Jude Johansson:**
