October 2002

Dear Kelita,

A note to say thanks for your ministry with us at Big Pitch up at Stayner Camp several weeks ago. Not having seen or met you prior to that weekend I was trusting that you would be able to span the three generations represented in our sessions. I was not disappointed - what a breath of fresh air you were to us! You have a wonderful way of weaving your real-life story telling, your comedy, and your music together to soften the hearts of old and young to the life-giving power of Jesus. Thanks for your vulnerability among us. You came as you were, without putting on any heirs and through telling of your life story, gave hope to some who have lost site of hope and strength to some who have been making difficult life choices without seeing immediate benefits.

To be honest, I mentally poked myself several times throughout the weekend to make sure I wasn't just dreaming. What at blessing, I thought, to have someone with so much talent and ministry sensitivity with us. Feedback from folks who attended Big Pitch has been very positive. Thanks for giving us so much of yourself. I hope we'll see you again.

Sincerely,

Gavin Wark
