Dear Kelita,

Your recent e-newsletter reminded me that I hadn't written to thank you and Gord for your involvement at our Golf Tournament June 22nd. Please accept my apology for such a late response... while its been a busy summer here at International Child Care (*ICC*), I have no excuse except to blame it on forgetfulness that comes with old age.

Your ministry in music is powerful and it is evident that God is using you to bring hope and healing to those who need a touch from God. Special thanks also to Gord for going the extra mile in solving the technical difficulties with the CD player. Despite the problems, I hope you enjoyed your day... I know we enjoyed having you both.

This was our first attempt at this type of *friend and fundraising* event and we give thanks to God for the ~\$2200 raised for children and their families living in Haiti and the Dominican Republic. Your help in this regard is truly appreciated!

As I mentioned following dinner at the golf course, Judy Warrington and I would love the opportunity to meet with you over lunch. We would like to share with you our passion for the work of *ICC* and consider how you might help us raise the profile and awareness of *ICC*.

I know your calendar and travel schedule are hectic, but we would be so appreciative of any time you could afford us. I can be reached at 905-821-6318 (ext. 294) or e-mail charlieguy@intlchildcare.org.

Wishing you God's blessing,

Charlie Guy
