Dear Kelita:

Thank you so much for appearing on our *LIFE TODAY* program, "People of Impact", with Betty and me. What a blessing you were to all in attendance, and you can rest assured more people than you can ever imagine will be helped by what you shared and the inspiration you provided. By the way, the program should air the week of June 1, 1998.

We would sincerely appreciate your help in spreading the word about *LIFE TODAY*. I've never felt as strongly about a potential outreach as I do our current program format. I believe the viewer will be positively stimulated and personally motivated by what they see and hear on *LIFE TODAY*. When I think of the overwhelming percentage of programs on television that provide such a negative influence, I realize what a truly great opportunity God has given us to really make a difference in our world.

Please be assured of our prayers. And thanks again for sharing your time, insights, and inspiration with others.

Sincerely yours,

James Robison
